We have an opportunity for you to become part of the team that will launch a brand-new series of food markets across Hampshire and Dorset.

Initially we can offer, in different venues across Hampshire, a regular Friday market, the first and second Saturday of each month and the second and fourth Sunday of each month. In the planning stage, a regular Wednesday market. We are looking for a team of loyal traders to be in at the start, who will benefit their businesses by helping to make **A Taste of the South** a huge success.

It does not matter if you have never traded on the street before. If you have quality product, we will give you help and advice on how to set up an attractive stall, merchandise your product and sell to the people on the street.

We guarantee to make the markets pleasing on the eye and want to generate a bustling market atmosphere that clients will want to visit and where small independent businesses can thrive.

We are planning to launch with 80% fresh, artisan, locally grown, locally produced and 20% International Street Food to Go, encouraging customers to regard our **Taste of the South** markets as destination venues where they can stay a while, meet friends, have lunch and shop for their fresh foods.
